## PRESS RELEASE

### Tajan: Results 2017

---

Tajan is pleased to announce its annual turnover of 2017, with a total of 35.2 million euros auctioned. Over the course of our sixty-two auctions, 72% of our lots were sold overseas, several world records were set with the sale of an oil on canvas by Speedy Graphito and many preemptions, such as those for the works of Roy de Forest were made by the Centre de Pompidou.

We will maintain a growing enthusiasm for “in vogue” specialities such as Design, Contemporary Art, Urban Art, Jewellery and Watches, and Asian Art. The historical specialities of Tajan auction House (Old master Paintings, Furniture and Works of Art, Wine, Books and Manuscripts...) have also sparked interest in the auction room, on the phone, and the internet, with a total of 4 852 200 €\* worth of online auctions.

Therefore, to increase our digital presence, our collectors can keep updated on us through social networks, enjoy themselves more regularly with our thematic “online only” auctions, and buying continues to occur on our E-commerce: le shop by Tajan.

Finally with regards to the TAJAN ARTSTUDIO we have organized several cultural events such as “Ich Bin ein Berliner” with Karl-Horst Hoedicke, “Light Hunters” with Robert Fekete and Sergiu Toma and “Daily Wonders” during the Fiac, with the young Parisian Artist Mathew Cherkit.
